\* Not applicable. No reported data available.

<sup>1</sup> The sum of books and e-books will not equal the total collections per person reported in the table. The total collections per person reported in the table includes books, e-books, and physical and downloadable audio and video materials. For FY 2016, the estimate for Connecticut only includes physical books because no reported data was available for e-books and downloadable audio and video materials.

<sup>2</sup> The New England region includes Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, and Vermont.

<sup>3</sup> All financial data are in constant FY 2016 dollars.

NOTE: The U.S. Bureau of Economic Analysis ([www.bea.gov](http://www.bea.gov)) and the U.S. Census Bureau ([www.census.gov/acs](http://www.census.gov/acs)) do not provide margins of error associated with these estimates. Readers should take this into consideration when comparing data across years.
